

Costa Classica

Elegant rooms, attention to detail and warm and relaxing colours make Costa Classica a very comfortable ship and one of the most loved ships in the fleet. Majestic and modern, you'll be greeted by an amazing sculpture by the great artist Arnaldo Pomodoro. The Trattoria Buffet is a great place to eat al fresco on the beautiful terrace overlooking the sea, with a teak floor and a white canopy providing shade from the sun. The heart of social life onboard is Piazza Navona and the Puccini Ballroom – places to meet, dance and be entertained. For evening entertainment there is the Colosseo Theatre, on two decks, decorated with a mosaic based on the designs of Emilio Tadini.
